WASHINGTON DULLES INTERNATIONAL AIRPORT GETS NEW, BRITISH AIRWAYS, PREMIER LOUNGE AND OFFICES

FAIRFAX, VIRGINIA, November 5, 2008 – British Airways recently awarded Patner Construction Inc. the contract for the build-out of the Premier Lounge and Offices at Washington Dulles International Airport. Conveniently located in the upper level of the B Terminal, the high-end build-out Lounge and Offices will feature two lounges for Gold and Silver Executive Club members, a kitchen area, conference area and work stations. Custom millwork, glass and tile will highlight the state-of-the-art Lounge which offers a host of amenities and services for members to enjoy. The Premier Lounge and Offices are expected to open in April 2009.

The Premier Lounge and Offices are designed to provide a relaxing haven from the bustle of the airport terminal. They also offer flight information, business facilities, complimentary Cappuccino, Juice Bar, World Wine Bar and light snacks. Travelers can freshen up in the state-of-the-art washrooms and enjoy a pre-flight supper. British Airways boasts over 70 dedicated British Airways lounges, worldwide.

About Patner Construction: Founded in 2000 Patner Construction has established itself as a proven leader specializing in aviation, institutional, commercial, government, historical renovations and bio tech. Patner Construction's project management experience includes construction management/GMP projects, fast track tenant build-outs, interior renovations, design build and base building projects.
