PATNER CONSTRUCTION AWARDED
F1 COMPUTER SOLUTIONS CONTRACT

FAIRFAX, VIRGINIA, AUGUST 5, 2008 – Patner Construction has been selected as the general contractor for the F1 Computer Solutions project located at 28 Blackwell Park Lane in Warrenton, Virginia.

The project consists of a tenant fit out at the Class-A Blackwell Office Building. Construction includes a data center, offices, glass walls, and high end finishes, with the mechanicals needed to support the servers and electronic equipment. GREEN practices are being implemented to include recycled carpet, harmony paint, and denim insulation.

The tentative project start is August 11. Other team members for this project include Weissberg Corporation, FOX Architects, and DDG Virginia Engineering.

About Patner Construction: Founded in 2000 Patner Construction has established itself as a proven leader specializing in aviation, institutional, commercial, government, historical renovations and bio tech. Patner Construction's project management experience includes construction management/GMP projects, fast track tenant build-outs, interior renovations, design build and base building projects.
